“ It was my pleasure to work with Mac in Labor and Delivery at Riverside in my early days there. My favorite memory of her happened at the baby shower held for me a few weeks after my son Kevin was born on 10/29/1984. She asked if she could hold him, saying that she was going to become a grandmother and needed to practice. From the sweet expression on her face as she held my son, I have no doubt that she was a wonderful grandmother

“ I had the honor of working with Barb at Riverside in the good old days. My fondest memory was her rushing in to begin the 3 pm shift straight from the golf course and her curls everywhere except where they should have been. Loved her.

“ I worked with Mac in L&D from 1983 until she retired. She was an excellent nurse, patient advocate, and roll model for all of us.

I remember that she loved her family and loved her life. I'm so fortunate to have known Mac.
