“ Dear Family of Darlene Goebel, please accept our sincere condolences on the passing of your mother and grandmother. When my mother first moved into Powell Senior Living in February of 2017, Darlene was one of the first women that she met there. Darlene welcomed mother to sit with her in the dining room. Since my mother was a Wooster, Ohio native, and Darlene had been in Canton for a part of her life, they had a little something in common to talk about. I am a retired nurse, so it was interesting hearing her talk fondly about her time as a radiology technician. I remember feeling sad for her when her hall mate, Betty Lee, passed away suddenly. I really missed saying hello to her after she left Powell Senior Living. It has certainly been a hard year for our Senior relatives. May she rest in eternal peace in the hands of our Lord and Savior and may he comfort you all with his grace and your precious memories. Sincerely, Vicki Cromley and my mother, Martha Martin.

“ Steve, Paul, and Karen, I am so sorry to hear of your mother's passing. I have memories of all her gifts of fresh baked bread, sharing meals, Jim and Darlene's annual Christmas Snoopy display, and later, when Darlene moved, all our phone chats. I will always remember Darlene as a kind, thoughtful friend.

“ We offer our sincere sympathy in the passing of Darleen. We have fond memories of times shared with Darleen and Jim when we all were members of the Italian American Club here in Columbus. As parishioners of St. Joan of Arc Catholic Church, we also saw both of them regularly. Please accept our sympathy for this lovely lady.

“ Very sorry to hear about Darlene. She was one of my first friends at Powell Senior Living. Darleen loved the bucks and she would join me often to watch them play football. She lived directly across the hall, so we saw her often. We have missed her companionship so much. I know she left behind many friends. Best wishes and condolences to the entire family!

“ Darlene will be missed deeply by all of us who knew her on Lambourne Ave. She and Jim were two of the first people to welcome our family from out of town in 1979. She was always there to help and support others. The isolation from COVID kept her from being with people and I felt the sadness in her voice when I last spoke with her. But now she and Jim are together again for Christmas which they celebrated with such joy and shared it with all of us. All the memories and her spirit will live on forever!! My condolences to Karen, Steve and Paul and your families.

“ Dar was one of the most genuine and kind souls I have ever known. I am sad that COVID kept us apart but we did try to keep in touch over the phone. I'm sure Charley was standing with Jim in heaven to greet her. She loved Dar as much as the rest of did and I know Dar will always be watching over those she loved.

With love, Lori and Amanda

“ Family and friends- So sorry to hear of Darleen's passing. We worked together at Doctors and I bonded immediately as we were both from the Canton area. She was a wonderful technologist and mentor, so kind and empathetic to everyone. I will cherish my memories of her and I hope yours will help you in the days ahead.
