“ Vera and Family,
June and I are so saddened to read of Fred's passing. I was fortunate to have worked for him at the Academy for several years. In that time we shared a friendship and went on several Lake Erie fishing trips (he always provided the capicola ham sandwiches!). Captain Robison always had a kind word for everyone on his staff and a terrific sense of humor. I am glad I was able to speak with him just recently. We send our condolences to the family and to the friends of your family who, like us, will miss him dearly. Jay and June Evans

“ My Uncle Fred was my "Super Hero" as a kid, and I wanted to be a police officer just like him. He wore the badge with Honor and he was the coolest guy I knew growing up, and my admiration for him never stopped throughout his life. He was a great Uncle, friend, golfing buddy, and someone who truly made you feel special and important when you were around him. He always treated me and my family like his own kids and grandkids. He will be missed dearly by all of us, but never forgotten.
Peace & Love!!!

“ We are very sorry for your loss. It is actually our loss as well. We have been neighbors for the past 19 years. Fred and Vera were the first to introduce themselves to us. I will never forget chatting with Fred and hearing his stories, always prefaced with "to make a long story short". It always made me giggle because the story was still long!! I loved them though. I liked hearing his police stories and vacation stories. Fred was friendly and kind to everyone and his brilliant smile will be missed by all. We are so blessed to have known him.

“ I met the Robison family when Vera and I were teachers at Westgate Elementary School. Soon we were talking and sharing and she invited me to lunch at her home. This friendship and lunches have lasted for many years. Freddie often made a appearance during our lunch. He gave us GIRLS a hearty hello and told us how good we still looked. My husband really enjoyed the delicious frankfurters and other goodies that Freddie sent to him I felt so welcome in his home. It was my pleasure to have known Freddie. My family and I send our deepest condolences to his family.

“ Vera, Judy, and Family. So saddened for your loss. I remember how gracious you and Freddy were to me when Judy and I met at your home before attending our class reunion. Judy has shared so many wonderful family stories and how Freddy was the great story teller who kept everyone laughing. May the ring of that laughter sustain you during this difficult time. May your faith and God's love keep you strong.

“ My dad, Richard, wanted me to pass along some of memories about his brother, Fred. All the stories involve Fred giving away things – from gifting his police leather boots to Uncle Babe, or giving me his personal Columbus PD hat to me when I was a kid, Fred always had a generous heart and a welcoming smile. The last time I saw Fred, he took me aside with my kids and told me "Monte, don't deny your kids anything!" So many great memories visiting for the annual Fourth of July. Our condolences to Vera, Cindy, Kevin and Karl. – Monte Robison, for Richard and Virginia

“ Our condolences to the family.

I haven't seen Fred or Vera in many years but when Andrew and I would come home from college for long weekends or breaks Fred and Vera would invite us over for ball games. I loved hanging out there with them. They were inviting and giving and felt like family.

On one particular evening after a game Fred and I were talking about boxing. He knew that I was a big fan, so he told me to hold on for a sec and that he had something for me. He came back a few minutes later with an Everlast hoodie and said 'Take it! It's all yours!' I've never forgotten that act of generosity and to this day when I watch a fight and put on that hoodie I think of the kindness of Fred.

He will be missed.

“ Great memories of Fred, a truly outstanding police officer! As I recall, he instructed Arrest, Search and Seizure at the academy when I went through in '71. He was doubtless one of the best instructors in those days. Later on, Fred and I had numerous contacts when he was assigned to the old Inspections Bureau. A great leader, an outstanding individual in every way! Condolences to his family.

“ My condolences to the family. I met captain Robinson in 1980 during my academy days. I had a minor issue with my prior workplace during my academy, and Captain Robinson called me in, giving me advice, and completely in my corner. I was very thankful to him, and was a very good man.

“ I have known Fred for several decades. We started out as neighbors, and then co-workers, and then good friends. He will be missed, but not forgotten. My wife, Carol, has fond memories of Fred stepping up as an umpire for the first girl's softball league in our neighborhood.
