“ Hey Jack, it's Ed Norton. I laugh whenever I hear that. You made us all laugh. You made us envious of your huge heart and creative and resourceful mind. I will always remember you and Howard fixing my sump pump. Howard is chatting it up and you are hard at work trying to figure out how to fix it. In the end it was a paper clip that did the trick. It worked for years after that! You had more friends and more people who loved you than I think you even knew. You are unforgettable and I miss you. Love you forever. Susie
