

Virginia H. McDougle

July 24, 1920 - September 13, 2021

Virginia Harrison McDougle, age 101 of Worthington, Ohio, passed away on Monday, September 13, 2021. She is preceded in death by husband Darrel McDougle and sister Maguerite Harrison. She is survived by her sons Mark (Ann), Denny (Brenda) and Gary (Wanida), grandsons Brian, Michael (Tegan), Adam, Jake, Sam (Kelly) and great grandson Leo. Ginny, as all her friends knew her, graduated with a BS in Economics from Washington State University where she graduated Phi Beta Kappa Summa Cum Laude. With her sparkling education resume in hand she landed a job at IBM in Endicott, NY. This led to time in New York City where she met and married handsome war photographer Darrel McDougle. The couple spent 2 years in Rome during WWII, returned to Columbus in 1948 where Darrel took a job at the newly created WBNS television station and they had three sons. She returned to school at The Ohio State University to get her teaching credentials followed by 20 years of teaching elementary school in Worthington. Since retirement her interests have included learning a new language (Spanish), traveling, exercise classes, the Worthington Library where she was a board member, politics where she volunteered her time and resources to the Democratic party and time spent with her good friends. In lieu of flowers, Virginia would have wanted people to contribute to the Alzheimer's Association (<https://act.alz.org/donate>) or to the Association for Frontotemporal Degeneration (<https://www.theaftd.org/>). A private memorial will be held later this month.

“ Meeting Ginny 50 plus years ago at Linworth Elementary was the beginning of a long friendship. Sharing stories of our families, seeing her around town and at exercise classes was always fun, especially around election time. We are so fortunate to have known her. The Haller family shares your loss and will miss her cheering us on, too.

“ My time with Ginny was a blessing but it was a blessing that blossomed as I came to know her family, neighbors and friends. She “bragged“ about all of you constantly as she relayed to me stories of her fascinating life.

She dazzled us all and everyone in Worthington seemed to know and enjoy her. She was a “superwoman” who raised an incredible family, inspired her students, & contributed to her community. What a gal!

“ I remember Ms. McDougle as a 5th grade teacher at Worthington Hill ES, the first year of the school. She was the most energetic teacher i can recall having in ES. She definitely had a zest and love for life and this came across in the way she spoke and taught a bunch of knuckle-headed 5th graders.... with the same love and kindness and all while sporting her 'go-go' boots. It sounds like this was just HER, no gimmicks. Rest in peace, Ms. McDougle and thank you for your years of teaching.

“ To Ginny's family,

I was saddened to learn of Ginny's death. My parents lived at the Residences of Worthington for 6 years, and my husband and I had several opportunities to visit with Ginny at social events or just in the hallways. Her smile and enthusiasm for life lit up every conversation, and she quickly became a family favorite "Residences" resident. My parents passed away in 2014 and 2016, but they enjoyed Ginny's friendship very much. My deepest sympathy on your loss.

“ I'm sorry for your loss McDougal family. I have many happy memories of our parents being together at many gatherings and parties. Your Mom was the life of the party and had an infectious laugh that lit up the room. I imagine the McDougles, Sliders, and Hard families are partying it up, drinks in hand and jokes flying.

“ My thoughts are with you all as you grieve in your own personal ways. Ginny lived a full life. There wasn't a soul that would meet Ginny that didn't just fall in love with her. She was always spreading the joy of life and was certainly an example for all of us. I especially loved her statement after she ended in the hospital when she was 99 years old: "I am going to live until Trump is voted out" and she did. She loved watching and listening to the news, could have a conversation/debate at any moment.

In the last couple of years I have enjoyed so much watching her just "light up" when you walked in the room even if it was a quick little visit or a sit down visit. She so loved interacting with people. The other thing I will always smile about was watching her with her caregiver running the hallways or walking around our building. The caregiver couldn't keep up with her. So full of energy and life and so keen with her remarks.

I dearly loved Ginny and will always cherish my memories of her. The 100th Birthday Party was an awesome memory that tops all of them.

Rest in peace, knowing that you left your mark on this earth.

Sincerely,

Linda Karr

“ Having spent many years of my childhood growing up across the street on Loveman Avenue from Ginny, Mac and their boys, I will never forget Ginny's joy of life...her welcoming spirit...the frequent evenings getting together with my parents along with other neighbors to play bridge...the many cookouts hosted in their backyard. Ginny and Mac were some of the glue that kept our neighborhood together. I remember Ginny as full of life...always smiling...an indefatigable independent woman (well before that was in vogue)...she set an excellent example for us all.
