“ *Alice was one of my dearest friends for so many years. She will be sadly missed by me and many others. I always thought of her as a sister more than a friend. Jane if you get this I am having a problem getting in touch with you at the number that you gave Kathy. We will visit her up at Bushnell.*

“ *Jane: I'm so sorry my first message was lost. I just wanted you to know how much I enjoyed Alice. I played MajJongg with her for several years. She was loved by our entire group. I'm so sorry I didn't check on her. We all thought the weather was too back for her to get out. I had been expecting to see her any week now that the weather had improved. I was shocked to hear of her death. She spoke of you often Jane. She will be truly missed, Very Sincerely, Jayne Wolfe*
