“ *Grandma Alice was a very special lady. My favorite memories were when she and Grandpa came to our house on Christmas Eve. They would come over for dinner, we would sit in the living room and open presents, and we listened to Grandpa Craig play the keyboard. I would often times play my flute and she always enjoyed listening. Grandma Alice was always there for us during the big moments of our lives. She would be there for birthday parties, high school and college graduations, and even our weddings. We had many wonderful memories with Grandma Alice and we love her and will miss her dearly!*

“ Grandma Alice was a very special person. She truly loved taking care of animals in need, especially cats of all ages. She would take them in and feed them even if they weren't her own. She also really enjoyed playing Solitaire on the computer and even Poker :) My favorite memories with my grandma were on Christmas Eve. She came over every Christmas Eve, had dinner with us and we would all open up our gifts around the Christmas tree. Grandma would always enjoy it when Grandpa played the keyboard and we would sing Christmas songs. Although she is with Grandpa Craig now, she will be greatly missed. I'm glad she was able to be a great-grandmother and we will all miss spending time with her. Rest in peace Grandma, we all love you <3
