Can't believe that your really gone. In the short time I've known you, you accomplished so much in so little time and were about to accomplish so much more. It's just not fair that our good LORD had to take you from us so soon. Especially from your children that love and care about you so much. I know you loved your kids more than anything in the world and you would do anything and everything for them no matter what. The love you had for them was so strong that it made you change your life around for the better and they made you stronger than you ever been before. They are so extremely proud of you for that as well as your family, friends and myself. It's just simply amazing how you turned your life around in a positive direction in such a short time, all for the love of your kids, family and friends that you truly love & care about you so much. Your such a young, beautiful, loving, caring, strong, amazing woman/mother who will be deeply missed but never forgotten. You will live in our hearts each and every moment of each and every day until we meet again. Rest in peace you beautiful angel. I know you will be around us, watching over us and protecting us every moment of every day. May the good LORD heal the broken hearts (especially her kids) that morn the loss of our beloved Amanda, who is now a beautiful angel, up in heaven, free from pain and full of glory, in due time with loving thoughts and memories that will keep her in our hearts and minds forever and ever until we meet her again. Amen

Amanda your strength and determination for your success of defeating the issues that many people have is inspiring. You were to young to leave the people who love you. Our prayers are with your family. As you walk through heaven take a look down and keep looking out for your family. Your kindness during the time that our combined family went through was amazing and appreciated RIH young lady
