“ *We were saddened to learn of Yaya's passing, but take comfort in the fact that she is now reunited with Papou and no longer has to deal with the frustrations associated with the dementia that she was battling. We are blessed to have known her for close to 40 years, and to be considered a part of the extended Antonoplos family. Yaya and all of the family are in our thoughts and prayers.*

“ *We were sorry to hear of Sassa's passing. Dad's 5 years at DRV were great ones for him hanging out with Sassa and Frances. I'm sure she will be missed by anyone who was blessed to know her.*
