

Angela Christine Bucci

February 12, 1968 - November 11, 2025

Dr. Angela C. Bucci, DO born February 12, 1968, of Powell, Ohio passed November 11, 2025.

Angela (Ang, Dr. Bucci, Bucci) was preceded in death by her father, Angelo Bucci; brother-in-law, Todd Simon, and beloved dogs, Mater and Sally. Angela is survived by her mother, Diane Bucci; loving husband, Tim Budnik; cherished sons Richie, Alex, and Evan (Abby Collins); Granddog, Remy; sister Donna (Tom) Yehl; brother John (Amy) Bucci; Several In-Laws, Rich and Nancy Budnik; Lisa Simon, Lora (Tim) Servi; nieces and nephews Samantha Yehl, Emma Yehl, and Grace Yehl; Morgan Bucci, Joey Bucci, Andrew Bucci, and Ashley Bucci; Josh (Lauren) Simon, Abby Simon, and Adam Simon; Andrew Servi, Danielle Servi, Brandon Servi, and Kara Servi . Angela grew up in Brookfield, IL and went to Quincy College in Quincy, IL. She graduated in 1995 with a Doctor of Osteopathic Medicine from the University of Osteopathic Medicine and Health Sciences(UOMHS) in Des Moines, Iowa; where she met her best friend, Jon Strutzenberg. After completing her residency in Columbus, OH, she traveled to the University of Illinois at Chicago to complete her Fellowship in Endocrinology, Diabetes, and Metabolism. She met Tim and they married in 1996 during their residency and moved to Ohio to pursue their careers in medicine. Angela worked for Central Ohio Primary Care for 24 years and was loved dearly by her patients and staff. Angela was diagnosed with Ovarian Cancer in 2013 and continued to work throughout her treatments until 2024. Her zest for life and Snoopy

addiction prevailed, not to mention her love of Disney. She loved to scrapbook and enjoyed retreats throughout the years with her friends. The memories in her craft room contain the proof. Angela spent the last year of her life devoted to her sons, attended their graduations in May 2025, and watched them begin their careers. Angela did not know a stranger and believed that we should be kind to all. Throughout her medical struggles, she continued to offer help to those in need. Angela was proud of her tomatoes and flowers in her gardens and made sure to show everyone who stopped for a visit. She loved her family, especially when everyone would come to stay in their home for weekend visits and holidays. Angela will be deeply missed by all whose lives she touched. The family would like to thank the phenomenal care of Dr. Cohn, nurses, and staff at the James, and Ohio's Hospice Team throughout this difficult journey. Calling hours will be from 3-7pm on Tuesday, November 18, 2025 at the Rutherford Funeral Home in Powell, located at 450 West Olentangy Street, Powell, OH 43065. “ Absolutely heartbroken to hear this. But I have faith she’s at peace and is already directing and doctoring in heaven. Not to mention cracking others up with her quick, sassy humor. We’ve all lost a wonderful person in Dr. Bucci, and that hurts. I pray that her husband, boys and immediate family know how much she cherished you. Every visit with her revolved not just around medicine, but we’d talk about our families. Hands down, she fought like a warrior, loved you beyond measure and is watching over each of you. God Bless.

“ Angela joined our medical office in about 2005. It was such a privilege to get to know Angela and her family over the many subsequent years. She was a caring and dedicated physician who provided outstanding medical care to so many folks. She was so supportive of her staff. Her husband, Tim, and her boys, Richie, Alex, & Evan were the love of her life. She certainly fought the good fight. Godspeed to you Angela!

“ *Dr Bucci was exceptionally kind, compassionate, and witty as heck! Our paths crossed professionally but she quickly made me feel like a friend as we shared stories of our mutual Italian heritage. I last saw her at a conference and regret that I didn't see her more.. I am glad she is no longer suffering and will be praying for all those who loved her. She touched many lives and will be dearly missed.*

“ *I was only 24 years old when I met Dr. Bucci I had thyroid cancer. I would travel 75 min to see her because she was the best!!! She was an amazing Endocrinologist , she saved my life! I was stubborn at first but she was kind , direct, and educated me so i knew what to expect. Her humor was the best! After all my surgeries and treatments I was cancer free! I became a RN because of my experience with her and her staff I wanted to help people like me. My heart breaks for her family I know I loved her and will miss her. May God comfort her family..*

“ *I moved to Columbus and had to find an Endocrinologist. Little did I know, God would give me my friend and her family instead! The world is a better place because of her and a lonelier place without her. Well done good and faithful servant. May you rest in peace! We will take care of the family! Thank you for being you!*

*All our love and prayers,

“ When my husband was diagnosed with type 2 diabetes in 2003, Dr. Bucci was his doctor while he was in the hospital and her patient for many years. She helped him tremendously. They shared the love of the Chicago Bears and when we saw her in 2023 they couldn't help but talk about their team and we never dreamed that was the last time we would see her. She was true treasure, a wonderful woman and doctor. She truly cared about her patients and their family. Fly high queen and know you will be missed.

“ We met Angela in 2025. I’m a Type 2 diabetic, and my wife and I knew the minute we met her, that she was a special person. We looked forward to every visit with Dr Bucci. As the years went by, we always said how lucky we are to know her. She talked about her family and how proud she is of them. We would always talk about our dogs and children.

She helped me a great deal with my diabetes. I remember the first appointment like it was yesterday. Dr Bucci asked me, “ why do you have such a high spike in your sugar around 9am”? My reply was, “ that is after I eat my 2 biscotti ‘s. She smiled and scolded me at the same time. My wife and I will never forget Dr Bucci. She was the best Doctor I have ever had.

Our thoughts and prayers are with her family at this difficult time.
