Words cannot express how grateful we are for the kind and loving care that

was given to our grandmother and mother in her final days. We appreciate the compassionate team at Gentiva Hospice and all that they have done for us. Each member of the team made caring for my grandmother so much easier. Each one of them has brought something different, yet wonderful, to help Ann heal and pass peacefully. We are so grateful for this company and these wonderful people to be available to us in our deep time of sorrow. They have gone above and beyond their call of caring. In lieu of flowers, we would encourage and ask that you make a donation in Anna Ansel's name to Gentiva Hospice, so that they can pass on the loving care they gave to us to those who will need it in the future.

“ *My sincere condolences to all of Ann's family. Ann and my mother were good friends in this life, since friends who comforted one another in times of sorrow and illness. I know Mom was waiting for her dear friend to come home. May her memory be a blessing to all of you.*
