“ *I first met Barb while I was undergoing my first round of chemotherapy. We became friends during our treatments. I was scared about my journey with ovarian cancer, but Barb was a true friend to me. She was such a courageous woman and a true inspiration to me. When I would feel alone and scared I would remember Barb and her long fight and know that if she could do it, I could too. I am blessed to have known her and have her touch my life.*

“ *Dear Larry and family, My two kids, David and Laura knew Barb from Midwest Allergy for many years. I knew Barb because my kids shared with me that she was an ovarian cancer survivor when I was first diagnosed over 5 years ago. David called her "Babs". I remember calling your home for the first time and asking for "Babs" and you seemed confused. Apparently, only David called her that and I didn't know that!!! Barb gave me hope and laughter everytime we talked!!! We were all so saddened when we heard she died. She touched so many esp my family! She will always be in our hearts and memories. God bless you. “ Dear Larry, Debi, and family- You don't know me, but Barb was my son Milo's favorite nurse for allergy shots. She was so patient with him, and funny, and taught him how to deal with the shots. Just last week he had a friend very worried about his first allergy shots (at Midwest, coincidentally) and Milo was giving him all the pointers that Barb had given him... and that was over 3 years ago! I always loved hearing about her hubby and daughter, and most of all about Ali and Kendall. She even said to me what was written in her obituary... that she was sticking around to watch them grow. Her positive attitude ("I might as well work. It's better than sitting around feeling sorry for myself!") was an inspiration. You are all in my thoughts, and I hope you will find comfort in your sweet memories. Barb was a gem. Martha Pitchford
