“ *Betty was my cousin. We were really step cousins as he Grandma married my Grandpa. Betty and I had some good times when we were growing up. The adventures we were able to do in our youth would never be safe to do in today's world. So many things have been invented and used since we were both born in 1924. I sent a note to Betty at Christmas but I didn't hear from her this year like I usually do so I was wondering if she was doing alright. I am sorry we didn't get to see each other one more time but those things just don't always happen. Her parents were always my aunt and uncle and her Grandma was always my Grandma too. Grandma Hall was a great cook and baker. Betty and I were lucky to have her as our Grandma. Our condolences to her family from our family.*
