“ *I have fond memories of the time that Betty and her family lived across the street and our children played together and attended school in Worthington. We were friends for a long time.*

“ *Even though more than 40 some years have passed since I had any regular interation with Mrs Jones, I still fondly recall the times playing football and basketball at the Jones house under her supervision. That was a fun place to be and she welcomed all the neighborhood kids. Jimmy and Dennis, I am so sorry for your loss. May your mom rest in peace.*
