“ *Dear Sherman, Sharon and Wesley, Jack and I wish to extend our sympathy to you for your loss. We know Beverly will be greatly missed by all who knew her. As neighbors for many years, Beverly and I spent many pleasant hours "porch sitting" and just enjoying time together. It was our good fortune to have such a nice family as our good neighbors.*

“ Beverly mentored me on my first student judging assignment for a show by Creative Arrangers Guild in Westerville. She was soft-spoken, humorous and kind. Her assessments were sharp, but her comments were generous.

*A designer isn't born; she evolves through trials and insights.*

*Beverly helped me through both. I would have liked to know her longer. As it was, I knew her as a highly evolved human being and designer,*

*My condolences to her family and friends,*
