“ I am very fortunate to have worked with Bev at inVentiv Communications. She was always willing to lend you her smile when you had lost your own. One thing is for sure, you never went hungry at GSW when Bev was around. She was always able to hook you up with the leftovers around the building. My thoughts and prayers are with Bev's family and friends.

“ Dear Thomas family, I had the pleasure of knowing Bev for the last eight years at inVentiv. And like others have said, she was a very special lady. We shared a birthday and she affectionately called us the members of the 9/25 club. There was not a year since I've known her that she didn't give me a card saying Happy Birthday to us and some type of Buckeye trinket as we both shared our love of sports teams as well. I am deeply saddened by her loss and will miss her smiling face around the office. The entire family is in my prayers. God Bless You all.

“ *Bev, Words can not express the deep impact you had on the lives of everyone around you. Your good humor and optimistic outlook on life is a beautiful gift to us all and you will never ever be forgotten. Thanks for all you have taught me, not only about work, but about life: compassion, charisma, faith, love, family and most of all how to enjoy it. You will forever be loved, always in my heart and never forgotten. To the family: She loved talking about being a wife, a mother and a grandmother most of all. My deepest condolences to you and yours. If you ever need anything please don't hesitate to give me a call at the desk. ~Audrey*

“ *Bev will be very much missed here at GSW. Her pleasant and professional style added a great deal to our work lives. Whether it was transferring our calls around while we were on the road, looking up people's cell phone numbers, finding us when we had a visitor, fixing rental car issues, or just making sure we knew there was left over food around in case we were hungry - Bev always seemed to be thinking of others. She was especially proud of her grandchildren, and knowing I am also a hunter, would bring in pictures of them to show me with their most recent deer or turkey. I pray God holds her family close during this difficult time.*

“ *Bev and I hadn't worked together for a couple of years so I was both shocked and deeply saddened to hear of her passing. I will always remember her smile, her outgoing personality and all of the chats we had about my son and her grandchildren. Please know that my thoughts and prayers are with your family, the world is truly a better place for having Bev in it.*

“ Bev was a breath of fresh air to anyone who stepped off the elevator on the 3rd floor at GSW, or any of us who needed a little mental vacation from the daily grind. For me it was sharing sightings of the Westerville bald eagle, stories about her grandchildren and her trips to the Cincinnati Zoo with them, or Thanksgivings surrounded by her family and a house full of her “grand dogs”. But I think one of the lasting impressions she left with me is the fact that she never failed to put others first. Her joyful, welcoming, sincere personality is a loss that can never be replaced. She’s given us all something to aspire to.

“ It may sound a bit trite but the world would be a much better place if we had more people like Bev. Like so many people at GSW I saw in Bev a daily reminder that it is possible to always have a kind word; it is possible make people feel special; and it most definitely is possible to look for and find the good in every day. I will miss her cheerful voice calling out a hello to me or a "how do you think the Bucks are going to do on Saturday?" I can only imagine how much you will miss your wife, mother, sister and grandmother. I hope you can take some comfort in knowing just how deeply she was loved by her GSW family.

“ I knew Bev at inVentiv and no matter how bad your day may be going, just seeing her smile as she said "hello" or just talking with her in her soft, calming voice, always made everything better. “ Dear Thomas Family, I just wanted to send a note to say how deeply sorry I am for Bev's passing. She was a wonderful, beautiful, and kind person who added so much warmth to our office every day, for so long. I am truly sorry for your loss, but I feel that each of us who were touched by Bev are very lucky to have known a wonderful woman like her. We have missed her in the past few months and will continue to miss her in the future. God bless all of you and may peace be with all of you and Bev. Best regards, Tracey Long GSW Worldwide

“ I worked with Bev, and like so many others, were lucky enough to know her and feel like I had a special bond with her. We shared a love for Twizzlers and Good'n'Plenty's, she told me stories and showed me pictures of her granddaughter, I told stories and showed her pictures of my dogs, and we talked about our flowers and yards. It's hard to imagine not seeing her again, not joking with her again, smiling with her again. She was a great lady, and will be missed every time I walk past what I will always think of as "her" desk at work. Kathleen
