“ *Dear Mary, Such sad news to learn of Bruce's sudden death from Ariel. Please accept my heartfelt condolences, and sincerest wishes of support in the time of loss for you and your children. May your new faith community also bring you resources of strength and comradeship now. I pray also for Diane whose memories of shared times with Bruce stretch back to his earliest days and many childhood and family memories. My thoughts and blessings are with you.*

“ *My father, Stanley U. Robinson, Jr., was also an attorney. He was dear friends with Abe Gertner, Atty. When my dad died in 1996, Bruce, along with Mike Gertner basically held my hand through the multitude of financial decisions I had to make after his passing. They were very generous with their time and advice. I enjoyed working with Bruce. He held my father in high esteem, and I considered that quite an honor. He was a gentle and intelligent man.*
