“ *Carol has been a friend of the family for many years. I know her through my brother, Steve. I only recently got to know Carol really well through several family vacations with her. I can tell you that Carol as one of the most honest people that a person could ever meet. If I ever wanted to know the truth about something, I would just ask Carol. She was also very frank and had no fear about telling you her thoughts. I admired that about her. Carol loved her family and spoke of them often. It didn't take me long to realize that once she knew me pretty well, we were family. She would do anything for friends and family. She would give you the shirt off her back if you really needed it. Carol was a very generous person. She also had a real sense of fairness. She would speak up to make sure everyone was treated fairly. I admired her advocacy in this respect. Finally, Carol had such a wicked sense of humor. Whenever she was around, we always had a fun time. She was always very positive. Yes, Carol will be missed! I feel so lucky to have gotten to know her better this year! I feel like I was another lucky life she touched! Rest In Peace Carol!*

“ *My mother loved to travel, she loved her family and her kids. She made it very known to everyone around her. She loved going to the beach and sitting by the pool. I am going to miss you mom, this February will not be the same without you. This Christmas would have been the first year you would have woke up at my house with our matching Christmas pj's on. I love you more than you could know.*
