“ *Please accept my condolences. I was saddened to hear that Carol had passed away. I was out of town and unable to attend the services. I had the opportunity to work with Carol for a few years at Franklinton Development Association - her dedication and commitment was an inspiration.*

“ *Carol will be greatly missed in the Franklinton Community. While I did not know her well personally, I did know her professionally and I had great respect for her. Her love and devotion to the Franklinton community and its people was evident in everything she did. I too will plant flowers in her memory. Her life touched many and helped to make this community a better place to plant our roots.*

“ I got to know Carol through the Franklinton Board of Trade and Redevelop Our Area Responsibly (ROAR) due to our shared concern regarding the racetrack's potential influence on the neighborhood. Because of her/our efforts the drag strip went away, double sound walls will go up, and the developer will be held accountable--hopefully minimizing the negative impact on the Franklinton she loved and wanted to preserve and make better. Carol worked tirelessly and often anonymously on projects and for ad hoc needs of people with whom she had passing and longterm relationships. She always was an optimist and such a vast resource of knowledge and history of the area. Her spirit will live on in those who try to carry on. We will miss her and remember her fondly.

“ It was both an honor and a privilege to work with and get to know Carol over the last 3 1/2 years. We got to know each other well in our efforts to try to stop the race track at Cooper Stadium with a group Carol co-founded- ROAR. Carol was always thoughtful, kind, honest and considerate of all parties-whether she agreed with their views or not. I admired her sense of fairness and professionalism. She will be greatly missed.

“ *As a Spanish teacher at Starling Middle School, I encountered Carol in a project to raise funding for a student trip to Central America. Carol helped in that effort as she did in many others. My deepest condolences to my former student Jean and the family. I will certainly plant flowers in Carol's memory, what a lovely idea.*

“ Carol was truly a beautiful person inside and out. I was priveledged to know her through the Franklinton Historical Society. What a beautiful way to honor her by planting a seed or flower in remembrance. Carol had beautiful flowers and her Iris's are blooming at this moment in her front garden. I will surely do this in Carol's memory. Please accept my sympathies. I will keep Ralph and all of you in my prayers.
