“ I remembered Dr. Chuck telling me about a recipe that he used to make for his family. It was Pot Roast with a dry pack of ranch dressing over top of it and big green peppers. He said he would cook it in the crockpot for about three hours. And he said oh, it was so good. You could just see it all over his face how much he enjoyed it. So, much that I went home the same day And made it.

“ Amy, Austen and Alexa,

We were out of town visiting our son when we found out about the passing of Dr. Chuck. My condolences to all of you on this loss. He was always a wonderful person and always willing to help out. He allowed my daughter Angela to work in his office while she was in high school some years ago, and you all allowed her to babysit so that you guys could go for a date night. Chuck always strived to make his piece of the world a better place and he will be missed.

My husband and I just found out about Dr Chuck today. We were so sorry to hear the news. Our hearts are broken. He was such a great doctor and a great friend to us. He was always willing to take his time with us and always willing to share personal recipes . We always talk about real estate and the kids and how he married up. He loved his family!!! I think God for the time that he allowed doctor Chuck to be on this earth. I'm very grateful that our paths were able to cross. Very sorry for your loss to the family . our prayers are with you. I'm so sorry to learn about Dr Chuck's passing. He introduced me to chiropractic and is the reason I am a chiropractor today. I was searching for his information to refer a student to him. I know he's helped many people but he was truly an instrumental figure in my life.

“ Amy, Austen & Alexa:

I am so sorry to learn of Chuck's passing and I am saddened I was unable to attend his service this evening. The memories of our days at the ball fields at Avery will always include him as he was a fixture there during those years. He was a man who garnered respect and admiration from those with whom he came in contact. It says a lot about him due to the fact that a lot young men who he never even coached looked up to him, including our son. That certainly speaks volumes to his character and ability to connect with people. Our lives have been enriched just to have known him.

I lost two siblings at far too young an age; so all I can offer to you is to keep his spirit alive in your daily lives, knowing albeit short, it was a life very well lived. Please accept our sincere condolences.

“ Our deepest of condolences go out to Dr Chucks family and all who were fortunate enough to have had him in their lives.

We started 15 years ago as patients but always felt like friends, even family. No matter the circumstance or the day, he was always a breathe of fresh air coming around the corner. He always listened attentively to your concerns and would work with you to come together with a plan for healing. He was a true artist in his craft and a trusted part of our world.

I always made sure to go in for a "tune-up" around the holidays so that we could contribute towards the different food and toy drives.

We will miss him greatly.

Regards,

“ Chuck became our chiropractor approximately 6 years ago and our friend shortly thereafter. We looked forward to our monthly appointments, where we would talk about our kids and travels (mainly his!). He helped Chris heal from a car accident and as Chris says, "he changed my life." Chris was able to live without pain for the first time in many, many years. He was an amazing, kind, caring man who was much more than a doctor to his patients. We will dearly miss him.

“ Chuck was my best friend in Jr. high. He was a great sax player then (before the football coach tricked him into switching...lol) His parents were great; Joe the terrific artist and Dorothy who was hilarious and wrote to the Falls Press. He had an aboveground pool in his backyard and we would make the craziest whirlpools. Funny, kind and interesting. That was Chuck.

“ Chuck started out as our Doctor and he, Amy, Austen and Alexa quickly became our friends. He had a passion for people, his patients, his friends and most of all his family. He was so proud of the kids and Amy. Our boys played baseball together for many years, and I had the privilege of coaching with Chuck. I will forever remember ‘The Play’, when Austen made an all star tag at home on a throw from Noah. We laughed because it was the best fielding play they had made in a game (just the way Chuck tried to practice it) and that’s when Chuck decided to go the the restroom, so he missed it. The look on his face was priceless. We have so many great memories and are thankful for our friendship will the Markulis family.

We love you, the lovino’s

“ Always an optimist, Dr Chuck did his best to help us feel better physically, as well as walk away with a smile from the caring and cheerful attitude he had. My husband and I are military retirees and he unfailingly mentioned our ranks and we shared common military experiences. “ The three of us were so blessed to know "Dr. Chuck". Going to an appointment was never like going to a doctor visit; it was like going to see a good friend! He always had time for you; I enjoyed talking to him, sharing memories of Miami and talking about our families. He genuinely cared and took the time to be so much more than my chiropractor! Amy, Austin and Alexa; may your beautiful memories bring you peace and comfort. You are in our thoughts and prayers.
