“ I am so sorry to learn of Christi's passing. She was absolutely beautiful in every way. I remember the first time I saw her when she walked into the restaurant in which I was working in Ohio. She was stunning and caught my eye immediately. I took a chance and did something I never did and passed her a note along with the food she had ordered that day. I don't remember all the details after that except that we ended up dating for a time until I moved away and she went to college. She was always so very kind.
