“ Connor was a very dear friend of mine. In fact I loved him more like a little brother. We never met in person but became very close over the years playing games and talking long into the night. He was a special person that could talk and have fun with anyone from any walk of life. He truly had a gift that way. I am quite a bit older than him and he always told me he looked up to me but in truth I really admired him for the person he was deep down. He just truly loved people, animals it didn't matter, he was just so caring. Connor I will miss you and think of you often. I know we will meet some day on the other side brother.

To his parents Dan and Nancy I am so sorry for your loss. My deepest condolences to you both. He spoke of you often and I know he loved you both very much. The last couple of years he was trying so hard to be the best he could be. My thoughts and prayers will continue to be with the entire family and all of his friends.
