“ *I met Dan a few years ago when I first found my way into our Tuesday evening group. I am so grateful that he was there when I was first trying to get my footing. His was always a voice of reason, experience and generosity. His presence has been missed in recent months and will now be missed all the more so.*

*Thank you for your kind words, Steve. I was so pleased that a couple of gentlemen from the Tuesday evening group came to the service. It was very uplifting to hear stories of the positive impact our father made in the community that was so important to him. Please extend my regards to the rest of the group and gratitude for being part of dad's life for so long.*
