“ She was a great friend. I was looking her up on the internet and was saddened to find this. But she was so awesome and a force to be reckoned with. She is up in the great cocktail lounge in the sky with a big group of our friends. She is missed. Cheers to you, til we meet again!

“ One time in Bakersfield. Brook had won money at the casino and she know I was planning on giving the Native Americans in Kernville Turkeys for Christmas. She took me to smart and final and said get what you need. She had a very big heart and loved to help people. She will be missed

“ IN the 1960s I babysat for Brook, Holly and Ray. It's had to believe they are all gone now. Brook was around a lot because she was my sister Kathi's best friend. I recall that my father really liked Brook, finding her funny and engaging as a child. I wish for the family peace at this difficult time.

“*Brook was my special, dear friend in Jr High and High school. We spent nearly every day together. She had an amazing sense of humor and my family and I still use some of her unique and funny sayings. Brook was always sweet and kind to everyone. I wish we had been able to reconnect. I will miss her forever.*
