“ *I would like to share my condolences to the Heegard family. When working for Dave at Scotts we shared some truly great times. I remember our wonderful experience at a manager's meeting in Austin, Texas to learn to use our new Sony computers. After several days of being totally confused by our trainer, we met with Dave at midnight in an undisclosed location where he made things make sense. He was a great guy and a pleasure to work for. May you rest in peace my friend.*

“ Heegard. Those of us with the company back in the day seldom called him Dave. We always called him Heegard. Just a great first name. We were with Scotts back in the mid-70s. His first few days on the road were with me in southern Indiana. It was called sales training but it was much more than that. We bonded immediately, shared a great and memorable new-friend experience and remained best friends from then on. We lost sight of each other as our careers changed but we never lost the connection. I always looked forward to him at the turf conferences. He had a "where ya been" smile, a great sense of humor and a very creative mind. And that laugh. And those eyes. So much fun. In over 50 years in this business, I've met a lot of people and made a lot of friends. Heegard was one of the best of my best friends and will always remain as such in my memory. dick gray wrote this.

“ As evidenced here, Dave made a memorable impact on so many. I was fortunate to work with him as part of Scotts and Lebanon. Beyond his expertise and professionalism, Dave was a truly wonderful person and a pleasure to spend time with. He will be sorely missed.

“ *JoAnn, Kell and Jenna -- my heart hurts for all of you. Everyone loved Dave as well as his wonderful loving family. Memories that were made between the Dicke's and the Heegard's will never leave us. Kell, you know that you are loved by the Dicke's and I am sure this is a difficult time for all. Just know that you are in my prayers and I am thinking of you lots and lots.*

“ *We had a lot of fun; in high school running around with his wife—going to the gas station where he worked and doing drive-bys of his family house. He even took me to my senior prom. A great guy who married my best friend whom I miss terribly. God bless his family and God go with you Dave...*

“ I am so sorry to hear about Dave's passing. He was a gentleman and a friend to everyone. I live in Fayetteville and loved the period when his daughter's family was here, as we got to see each other often, working together, breaking bread together, and just hanging out. My prayers are with his entire family and he will be greatly missed by all of his many, many friends in the turfgrass industry.

“ Although we weren't often in touch, Joann and Dave have been in my heart over the years; Joann was a childhood friend, and my brother, Dirk, kept us entertained with their latest fishing excursion stories. I feel the loss of his warmth and decency today, and I know I always will. This is a sadness for anyone who knew Dave, saw his quick smile and felt his kindness, but my condolences to his family and dear friends who will feel the burden of his absence the most. Peace and blessings to all.

JoAnn and family~I am so very sorry for your tremendous loss. So glad I got to spend time with the two of you at our 50th class reunion. Dave was just as sweet then as he was in grade/high school. God Bless his soul, and God's loving care on all of you.

I always looked forward to seeing Dave during big family gatherings and events. Dave treated me like a brother. Our conversations covered many topics, but always ended up in fishing stories. What a gentle, kind man. I'll truly miss him.

My sympathy to your family. He was a long time member of the Scott's family. He worked in ProTurf and I in Consumer but we all knew Dave and many of us were long time Scott Associates and friends. Thinking of you during this difficult time.

I first met Dave around 1977 when he was the ProTurf rep in E. Iowa. Dave was actually my competitor, but what a great guy. We were 'friendly' competition. I made a point to track him down at every GCSAA/GIS show and catch up. My condolences to those who knew him far better than me.
