

## David G. Stewart

August 10, 1960 - December 27, 2020

David Gregory Stewart passed away on December 27, 2020 at Riverside Methodist Hospital in Columbus, Ohio. He was preceded in death by his mother Sheila (Hines) Tennant, and is survived by his wife of 35 years, Lori (Guenther) Stewart, his father Clarence and stepmother Diane Stewart, sister Rebecca and brother-in-law Mark Feldbush, nieces Tegwen and Beatrice Feldbush, and brother-in-law and sister-in-law Tim and Betty Guenther.

Dave was born August 10, 1960 at Lockbourne Air Force Base, Ohio. His family moved several times during his father's Air Force career, taking them to Maine, West Virginia, California and back to Ohio, settling down in Mount Vernon when Clarence retired.

Dave met Lori on a blind date set up by mutual friends, and before long knew this was the woman he wanted to spend his life with. The two were married on June 15, 1985, in Crestline, Ohio and celebrated 35 years together this past summer. After living a short time in Bellville, Ohio, they moved to Columbus and put down roots.

As personal computers became popular in the 80's, you could often find Dave tinkering with his latest acquisition— adding memory, upgrading video or sound capability, etc., and always on the lookout for the next cool thing. He studied computer programming and information technology in his time at

Andrews University (Berrien Springs, MI), Mount Vernon Nazarene University (Mt. Vernon, OH), and The Ohio State University in Columbus where he earned his Bachelor of Science degree in Computer and Information Science. His sharp mind and aptitude for tech served him well as he pursued his career, working for The State of Ohio, Wendy's QSCC, Quick Solutions, and most recently at Quantum Health as a database architect.

Dave was generous with his expertise, becoming the go-to tech support for his family and friends. He even taught his sister Becky to format professional-looking school papers on a cutting-edge Tandy computer from Radio Shack while her fifth-grade classmates did theirs on typewriters. Any time he upgraded his home system, his dad and other friends would benefit from his "hand-me-downs" (which he, of course, provided full setup and regular maintenance on).

Dave and Lori loved to travel together—visiting family and friends as well as enjoying vacations with just the two of them. On one occasion, they went tent camping in the Smoky Mountains, only to be rained out by a fierce autumn storm. Fortunately, that didn't dampen their enthusiasm for camping, though they did decide to upgrade to a camper. Over the years they shared a passion for RVing—taking frequent trips to campgrounds around the country and making many great friends along the way.

Dave was the person who, in most any situation, knew exactly what to do next. He was detail-oriented and methodical, with sound reasoning behind everything he did—and offered solid advice on everything from the best routes to avoid traffic to the proper way to fill a burrito. He was thoughtful and kind—frequently taking the time to clear the neighbor's sidewalks and driveways whenever he pulled out the snow blower to do his own. A gifted story teller with a quick wit, he never failed to make his loved one's smile. He was taken too soon and will be greatly missed—but there is comfort in

memories and stories shared and the mark David has left in all those around him.

Donations in his honor can be made to The American Heart Association at [www.heart.org](http://www.heart.org) or the American Diabetes Association at [www.diabetes.org/donate](http://www.diabetes.org/donate) in lieu of flowers.

“*Dave was a terrific Database resource at our organization for nearly 4 years and we developed a great friendship during that time. He was always willing to share his expertise and will be greatly missed. I enjoyed hearing about all of the RV adventures he and Lori took and can picture him behind that RV right now. May Lori and the rest of the family find peace and comfort in the many beautiful years and memories shared and the joy he felt for all of you. “And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away.”*”

“*So sorry to hear. Our paths crossed for over the course of a year or two at Quick Solutions. We felt that we were innovators, and we would frequently discuss the technical aspects of the projects that we were involved with. David was always approachable and readily shared his experience and expertise on whatever the current subject of discussion was. My thoughts and prayers are with the family members during these difficult times. Underneath are the Everlasting Arms.*”

“ How do I say goodbye to someone I have loved and adored for sixty years? Mere words on paper doesn't mean anything when trying to express my love for my son. No, I can't say goodbye. I have sixty years of wonderful memories in my heart for Dave. This will never change. No, this is not goodbye.

He was blessed to have Lori by his side for thirty-five years. We love her dearly. He loved his sister, our wonderful Daughter Rebecca. She is a blessing to us all.

We thank Dave for blessing us with his life as he shared it with us. Diane and I will miss him dearly. No, this is not goodbye.

A loving Father

“ As a fellow RV'ers, we meet Dave and Lori about 20 years ago thru a mutual RV club, and meet up with them over the next 10 years at RV outings in Ohio and PA. Dave was always so calm and the one to go to for the "right answer", no matter if it was about every day things or technology. We will miss him in the years to follow, but I know Lori is a strong person, as Dave's influence I'm sure will guide her over the coming days and months.

“ Dear Lori - I remember the first time I met Dave early in 1985 when so many of us classmates were all getting married, week after week after week. I remember thinking how special your relationship seemed and how tender of a soul he was. May his tenderness be remembered in the hearts of all. Many hugs, Leonore and family

“ We have many great memories of Dave throughout the last thirty years or so that we knew him. He was soft spoken and very gentle, yet he had a great inner strength. He had a wonderful smile and twinkle in his eye. He was generous and thoughtful. He was a man of many different talents. We always looked forward to the times we were all together when visiting in Ohio. It will never be the same without him. May God comfort you now and in the coming weeks and months as you journey on with the many wonderful memories you have of Dave.
