“ *Dear Lovett Family, You are in our prayers and thoughts and we our most heartfelt condolences in David's passing. May the Lord be with thee and keep thee. May His mighty blessings fill your heart with joy and satisfaction in what is most certainly a difficult time for you. While most assuredly, David is in the company of our Heavenly Father in glory, the burden that is left to bear is heavy. The memories with him are certainly to be cherished. The celebration of his life is to be the same. May your sorrows ease quickly with the peace, comfort and understanding that he is in perfect fellowship with the Almighty and that one day soon, we all with be united with David in that same fellowship with unbridled joy.*

“ Dear Lovett Family, I offer my sincerest condolences on the loss of your husband and father. Please know that you are in our prayers and on our minds. I had the privilege of being hired by David upon my return to Chase last year. He was a joy to work with and easy to work for too. Dave's reputation here at Chase was outstanding! He was a very good role model. Dave talked often about you guys. He was so proud of his sons and loved his wife. We talked about you so often, I feel as if I knew you as well. I know that this doesn't change the void you are feeling within, but rest assured that Dave was loved. Most importantly, we that are left must prepare our souls so that we may spend eternity with God and His children. God bless you, Keith R. Wolfe

“ Karen & Sons, Eventhough David and myself have not seen each other in 20 years this year, the year his mother died, I feel your loss as well. Living almost 900 miles apart growing up, there has always been a very strong connection to David, Jeff and Susie, who are first cousins but are much closer and would be even closer if we were not so far apart. My mother, who is the last member of the previous generation, is 84 years of age and I too can feel a loss begining as I see her failing almost daily. I ask God to be with you and your sons as you go down this difficult path. As an older gentlemen in our church has said on several occasions, "One can not live on the mountain top all the time --we have to be in the valley from time to time". This is one of the valley's, remember David from the "good times" and God will provide the way -- He always does !!

“ On behalf of David's many professional and personal friends in South Carolina, our heart-felt sympathies go out to David's wonderful family and his many co-workers at Chase. David was a consummate professional as well one of the finest gentlemen we have met and worked with in our four decades of professional services. He will be greatly missed but his many wonderful qualities will be fondly remembered by all of us privileged to have known him.
