“ *I was lucky enough to be Daylees 5th grade teacher at Wickliffe. Her quiet thoughtfulness of others meant she saw what needed to be done before others and always helped out with a smile on her face and a twinkle in her eye.*

I treasured her laughter and her giggle with her friends.

When we had an Open House at the end of a project her family were always there ready to share in the learning and joy with Daylee.

My love goes out to her family and friends.

“ It is a privilege and honor to say that I had Daylee as a student at Hastings Middle School. She was a pleasure to have in class-- always smiling, willing to work with everyone, ready to share her opinions and ideas. Sending my love to her friends and family as they deal with the loss of such an amazing young woman.

“ *Our family met Daylee when she was a little first grader. She lived across the street. She came to our home and played with my children Ben and Kate. They were all Wickliffe wolves. I loved having Daylee over because when my kids would bicker she could always restore the peace with her calmness. Amazing quality for a girl so young. My favorite memory of Daylee is the many summers she came to Lakeside on vacation with us and she and my children ben and kate would sit on the front porch, eat ice cream and sing every song from Wickliffe and the goldenstar choir . Those were happy and innocent times and I will always be grateful to her mom for trusting me to bring Daylee with us on vacation. She brought so much calm and peace to our family . We offer our condolences to her family and especially all her high school friends that are processing her loss.*

“ Daylee's genuineness ministered to me as her teacher at a time when I just really needed it. As a student in my public speaking class, she was a source of challenge (in a good way) and encouragement--a personality that enriched the community of our 5th period group. Since then, it's been fun to shout her name in the hall and have her do laugh and do that 'stop-shouting-my-name-but-don't-stop-shouting-my-name' response. I'm deciding to not stop shouting her name. Our season of overlap was important in reminding me of the best part of working with kids. I will continue to pray that all who have been touched by her life would carry on the work of bringing joy to others. Godspeed, Daylee...
