“ *Mark, Matthew, and Katy - I really wish I could be there today to offer my love and support in person. (I started out to drive there Thursday morning, but soon discovered how powerful of a storm I'd have to drive through.) Mark, even though we haven't seen each other in years, I have always felt a special closeness to you both. I will always cherish Deb's kind and supportive friendship. She welcomed me into her life from the moment we met in 1977, with laughter and the special warmth of a true friend. Even though physical distance has separated us, Deb has remained one of my dearest friends. When I close my eyes and think of Deb, I feel the peacefulness of her kindness, the optimism of her fun-loving nature, and the nurturance that made her a wonderful teacher and friend. It is those treasured aspects of Deb's spirit that helped (and I believe will continue to) make this world a better place. I always thought I'd see Deb again. That is what is so hard for me right now. Mark, if I can do anything, please let me know. You, Katy, and Matthew are, and will be, in my thoughts. With much love, Sue Fierce-Chase*

“ *Dear Mark; Our thoughts and prayers are for you and the children. I think of the good days at the WOODCUTTER when Deb would laugh, say hi, and give us a big hug. That is the way we shall remember Deb. Louie and Jeanann*

“ *Mark, Matt & Katy: To say I am stunned just doesn't quite seem to convey my feelings. Even though we generally only saw each other once a year, that one weekend was enough to form a friendship I will always cherish. Deb was a woman with a huge soul; she will be missed. And, Mark, as I think you know, I've been in your shoes. So if there is anything I can do, just ask. Ed*

“ *Hello Mark, Kathryn and Matthew: We are so sorry to hear about Debbie. We were all shocked. Even though we only see you every once in a while, Debbie has always been a very special person to all of us. She was always so pleasant and a very easy person to talk to . She made every one feels so comfortable. We remember your visit to our house. Matthew and Chris are the same age and we still remember the 2 of them playing Nintendo in our house when they were very young and Debbie was just watching them with a big smile. We still have that picture. We cannot join you tomorrow but you are in hearts and prayers. We are also sending you a little something to remember Debbie by. Take care. Love, Chris, Steve and Thelma Studer*
