“ *So blessed to have heard Birdie share her testimony this Summer while I was interning. I also got to prepare a meal beside her as she taught me the ropes of cutting various vegetables and preparing pasta dishes. She made sure that everyone got food and was filled when they left. In Sunday school class she added deep reflections through heart-filled tears that I will always remember. Her soul is secure in Heaven- That I know. Much love to the family and friends of Birdie.*
