“ *Just heard about Dr. Foreman. I had the privilege of seeing him at The Inn a few times recently while visiting Dr. Ranck. Dr. Foreman was my late husband, Bill Coulmans professional hero. He was THE ONE person who believed in my husband - - the high school "D" student - and gave him the confidence to do SEM/TEM research, graduate from Dental Hygiene School and Dr. Foreman was instrumental in getting my husband to go to OSU Dental School. Without having met Dr. Foreman, Bill Coulman would still have been a "fender pounding autobody repairman" without the confidence Dr. Foreman instilled. He was a WONDERFUL man!*
