“ *To Mark and Tim and your families.*

*I have known your Mother since you two were little boys. We taught together at Mt. Carmel School of Nursing. Her expertise in working with nursing students in pediatrics was appreciated by all. In recent years we have had lunch from time to time and had lunch about six weeks ago, after the loss of your Dad. We had a GREAT visit and I thought she was doing well so I was surprised to read of her death. My thoughts are with you as you deal with your loss. Pat McKnight*
