“ *Ed was one of the most enjoyable people I knew at C&SOE, I remember viewing his office map & talking about his camping on Bull Pasture River in Virginia just down the road from Cow Pasture River where my family swam. His tale of crossing the desert with wet towels over his head & his wife's as their Van did not AC, a good reason to buy a newer Van. How proud he was of his son & daughter, how he spent every summer on scaffolding painting a side of his house. His drawer full of candy bars he revealed after his diverticulitis, I was shocked as it seemed so out of character for him. Wish my memory was better so I could enjoy the memories, I almost forgot his Long Johns when I asked about him & the cold. He was a pleasure for all those fortunate to have a little time with him. God Bless.*

“ Thoughts and loving memories last as long as time endures. Cry for your loss, but remember to smile and laugh also for all the wonderful times you were able to share with Ed. When memory's door swings wide open you find there those that left the most lasting impressions upon you. Ed was one such a person. During my career at C&SOE (now known as AEP) I had the joy of working with him. Ed was an honest, fair, compassionate co-worker and eventually boss with a great sense of humor. My condolences, thoughts and prayers to his family.
