“ *To Elizabeth's family..
I was a patient at the PT office and your wife/mom was very kind,
super efficient and always talked about you.
My sympathies to you all at her passing,

“ *Michael, Katelyn, Austin and Matthew, We are so sorry to hear of the loss of your beautiful Wife and Mother. We were neighbors for a short time in Amherst NH and I always admired your Mom's design style. Your home was beautifully decorated and filled with lots of love for her family. She adored her children and you were always were doing something fun and adventurous together as a family exploring the wonders of New England. I especially remember her ringing the bell on the back porch when it was dinner time. She had a very warm and welcoming personality that was infectious. I can't imagine your loss. Our thoughts and prayers are with you and your family. Bob, Dana, Blake and Caroline Boudreau - Amherst NH*

“ *Elizabeth came into our family 25 years ago with a smile and sweet southern style that charmed each of us instantly. She continued over the next 25 years to show us what a generous heart she had by her compassion and her willingness to give all that she had to everyone she encountered. When mom suffered from alzheimers, Elizabeth made srapbooks and photo albums so mom could remember everyone. Although Elizabeth's time on earth was cut abruptly short, she made her mark in her daily life and the way she treated people. She taught her children to love with an open heart through her example in the way she treated people. I was so very blessed to have her as a sister-in-law and will never forget the mark she made on me. She will be sorely missed and remembered often. Her smile said it all...rest in peace sweet girl and thank you for the memories <3
I love you always~

“ Remembering Elizabeth cheering on her son Austin at all of his shows and always ready to lend a helping hand to the Jerome theater booster club. She was a wonderful person, proud of all of her children, and will be missed by many. God bless all of you.
