“ Jack, we barely knew each other, but we did both attend WHS during the same relative time period (I graduated in 1961) and, more importantly, we both lived on Westview Avenue. I lived at 184 and I think our parents knew each other better than we knew each other. Regardless, we all need as much support as possible during such difficult times, so please accept my deepest sympathies for you and your family.

“ I am sorry for your loss but, I am glad that Betty is free of her illness. I worked with Betty at Bank One for many years. I found her to be one of the most delightful individuals I had ever met. She was so easy to talk to and be around. I am fortunate to have known her.

“ I love you mom!! I'm sure this is one of many entries from me. I love you and miss you much! You fought the hardest fight ever and you are an inspiration to all that met you. Your kids will try to live up to your legacy, although that is nearly impossible. You taught me how to love and laugh, the best lessons of my life. Love you mommy!

“ To all - I am very sorry for the passing of your “mother / grandmother / wife” and for all the weight you've had to bear these last several years. Words can not express our thoughts during these difficult times. May you take comfort in the knowledge that Betty couldn't have been more blessed with such wonderful children and grandchildren. Our thoughts and prayers are with you during this painful time as Betty passes through to her next journey. Our deepest sympathy and condolences are with you at this time of loss and sorrow. I hope that you will find her spirit constant with you as each day passes and that as you "sing her songs" and remember her and all she touched on this earth journey. It is my prayer that tears will turn to smiles and laughter.
