“ *She’s not the person you all think she might have been. She’s torn many families apart because of her small town mentality and her small town power. If she were dying of thirst, I wouldn’t give her a teaspoon of water.*

Kristi Pyle-Sullivan - March 08, 2018 at 12:34 PM

She did not make this world a better place let alone Washington Court House

Kristi Pyle-Sullivan - March 08, 2018 at 12:55 PM

Many families were destroyed by this woman. Usually single mother families. Children were taken from parents and those young children who demonstrated resistance to her orders were threatened with the "children's home". What laws did these young mothers break? The damage caused by this woman is immeasurable. Who judges the "judge"?

“ *I remember her to this very day, 53 years later. She order me and my four other cyblings to be taken away from my mother. If she were alive today and dying of thirst, I wouldn’t offer her a teaspoon of water.*

“ Evelyn Coffman was a unique and special person. My father (Howard Ford) had great respect for her and enjoyed teasing her at morning coffee at the Courtview. There was one instance where they had a bet going, don't know what about. She lost and had to serve coffee to the "gang" in the gazebo. The paper published the photo and Dad carried that around for many years. I think she enjoyed his friendship as well. She was my first judge on jury duty and she was tough, demanding respect for the court and herself, lawyers beware. Judge Coffman was a trail blazer in our community and has left a lasting impression on all who knew her.

“ Dear Tom, George and family,

I am so sorry to hear of the loss of your mom. Losing a mother is surreal and you are all in my thoughts and prayers. Several years ago, while researching my family history what I will always cherish in my heart and soul forever is your mom's response and open welcome to her home and family in assisting me learning more about my family history. She showed me what I could best describe is nothing less than unconditional love and I will be forever grateful. A special memory that will remain in heart forever. I am praying for the both of you and your families but most of all I am praying for an amazing woman, my cousin Evelyn. xoxo

*Pastor Tom and Kathy Coffman,
Our thoughts and prayers are with you. Your mother was such an
encouragement to our family and to our Northside Christian Varsity
Girls' basketball team.
For several years the girls varsity team would go Christmas Caroling
for Judge Coffman. She would always encourage us and tell the girls to
"Go For It". Judge Coffman will be truly missed.*

*Sincerely,
Ron, Carol Potts and Family*

Dear Coffman Family:

As a teenager, I was asked by Judge Coffman to travel to Columbus to attend a Full Businessmans Fellowship Gospel Breakfast at St. Johns Arena to hear Woody Hayes speak. What an honor. As a kid in high school I worked for Sheriff Thompson and your mother would call or walk into the lobby and ask to speak or see "The High Sheriff" They were great friends. Judge Coffman would attend our high school basketball games and root for our Blue Lions. She was so well respected and loved by so many. The number of years she served our community was evidence of that. You've been blessed to have Mrs. Coffman as your mother. Like Mrs. Brunner said, enjoy the memories as I have and will. I was truly blessed to be able to call her friend. I'm sure she is enjoying her time with our Lord now sitting around His throne and praising Him. Best wishes, Joe Downs (one of the Downs' twins) now calling Florida home.
