“ *You know, working Hospice in a facility you get close to the patients and you care for them, working in a facility full time you really care for the patients and get close to them, but when you work Hospice at a patients home and you have such a great family there to support the patient and you, you feel just like part of the family. I only hope that my husband loves me as much as I saw Delbert love June. I will miss her with all my heart and also miss you guys to. Take care, and God Bless you all! Love, Tiffany Tridia Hospice*

“ *Dear Tammy and Family, I am truly sorry to hear of your Mom's passing. I know this is a difficult time for you and your family. If there is any good news....at least she is not suffering anymore. It is very hard to lose a parent. We know she is at peace now. With our Love, Mary Jane and Wayne Matthews*
