“ I am so saddened to hear of Frank's passing. He was a coworker of mine at Summit County and at CTI Engineers for many years. Most of what I know about construction I learned from Frank. When I first met him I was a young and very "green" engineer right out of college and he took me under his wing and taught me more than I ever learned in engineering school. I have a lot of fond memories working with Frank. He was a great mentor and friend and will be greatly missed. Louise and family are in my prayers.
