“ When I was lil Aunt Frankie lived next door to us, mommy and me were over there one day! Everyone was sitting around talking and for some reason I just started yelling hankie has F\*CKERS on her face. She has freckles on her face but I couldn't say freckles. Everyone died laughing at me. I missed her so much. I didn't get to see her to much after mommy died. I wish I had made an effort to visit. You always think you have time and then boom they're gone and you are left with a few good memories and a whole lot of regrets. Fly high dear auntie Hank and kiss my mommy and the gang for me 🥰🥰🥰

“ So heartbroken it hear you had gone. You were so definitely a little light to this world. You really taught me so much. You took me under your wing so many times. You were an honest and true person who was fierce about your family. Such a beautiful lady cute as a button. I have so many hilarious stories about us like you trying to teach me to cook certain things when I was younger and then promptly kicking me out of your kitchen because there was no hope. You just loved life and loved your babies so fiercely it taught me to love mine the same way. God definitely got an angel. Rest in Heaven Miss Frankie. Sending love and prayers for the family.

“ Frankie was my friend. She will be missed. My favorite thing about her was her honesty. She told it like it was and I respected her for that. RIP

“ I was very sorry to hear that she had passed. Frankie was very good to us when I was growing up. From time to time, I drive around and visit a few childhood memories. The townhouse off Westerville Rd. and the house off Agler Rd. are on the list. Good times and good food.

“ I will hold every moment I had with her close to my heart forever. Being at the farmhouse with her in the summertime will always be my best memories, out in the garden, watching her cook, or just sitting on the porch. I hope she knows she was so loved. It's so unreal that she isn't here anymore. I love you granny. 💕
