“ Frank and I went to high school together, and became friends in 10th grade art class. I'm not really sure what to say here, but he was a really good dude, and a good friend. We got into a lot of antics together and had some wild ideas. I will miss him dearly, and always remember him. I feel deeply for his surviving family members and friends and wish you all the best.

“ I have known Frank since he was in High School, he worked for my company for several years as a driver and he was such a good handyman. My heart goes out to his family. He was too young and will be sorely missed.
