“ *I am so sorry at the loss of your Dad and your Mom as well. I worked with your Dad at New England Homes for many many years. I so always enjoyed his enthusiam and I loved hearing stories about you and your brother and his beloved grandchildren. He was always so excited for your visit to NH and when he was traveling to you in Ohio or California. Your Mom was such a graceful and loving lady - I was glad when your Dad forgot his lunch as your Mom would stop and drop it off and we would have a chance to catch up and visit. You Dad did a great favor to me when we were having my Dad's surprise 60th birthday as your Dad agreed he would front for us and we would tell my Dad that is was Gran's 70th surprise party - it went off without a hitch and your Dad loved it all. One of my career "sad" moments was when I sat down with your Dad and suggested it was time for him to retire from NEH. He was graacious as always but I knew it was hard for him. I miss him terribly and have thought of him often over the years. Please know that your parents held a special place in my heart as they were kind enough after my son was born to come and visit with us at NEH and meet him, That meant the world to me. My thoughts are with you all in this very difficult time. I am sure you know this your parents were special kind people.*
