“ *What a loss. Greg was one of the finest individuals I had the pleasure of working with in my years with OSU Extension. A straight shooter, no bull, to the point, excellent mind, always forcing me to look at various options. My deepest regrets.*

“*Darlene and Family, I was shocked to see Greg's obituary in the paper last night. My sympathies go out to you. It seems like only a few months ago that I saw Greg on a panel just before I left DeVry. I hired Greg for adjunct teaching while I was at DeVry University and often had Greg as a panel member for my MBA capstone classes. Greg always seemed to have such a positive attitude. I remember how hard Greg worked to master the online environment as we worked together. No matter how hard, he kept at it. Greg was wonderful with students and gave great feedback. Each time Greg and I saw each other, he would ask about my doctorate studies and was one of my biggest encouragers. I will keep those thoughts as I move to finish my dissertation. I only wish I could have delivered the completion news to Greg in person later this year. Greg was also a great encourager to my daughter. He was teaching her in an MBA advanced marketing course at DeVry and talked to me about this really bright OSU grad not realizing it was my daughter (different last names). He gave her books to read and met with her to discuss ideas for research. He helped her find areas of interest for her future endeavors. I know how much he enjoyed travel and his family from our conversations. I am sorry that I could not make the funeral today. I will truly miss Greg and will keep you and your family in my prayers during this difficult time. Terri Lechton*

“*My sincere condolences to your family at Greg's passing. I had the pleasure of working with Greg as he served as a member of the adjunct faculty at Keller Graduate School of Management - Polaris. He was the consummate professional, interested in students, and worked to make each student successful. He leaves a legacy both at Keller Graduate School as well as The Ohio State University that will not soon be equaled. My prayers are with your family at your time of loss.*

“ Our thoughts and prayers are with you all. It has been 43 years since we saw Greg - he was an usher at our wedding. Jerry's mom and Greg's mom were first cousins. We lived at 1509 Mahoning when Greg was born and used to play with him growing up. We remember very interesting pool games at the house on Glacierview. Sincerely, Jerry and Maurine

“ *Darlene and Family I am so very sorry for your loss. Tom Pachel was periodically keeping me updated about Greg. I still remember our visit in Columbus 8-10 years ago when I was there for business. I will not be able to come to the calling hours bcause of previous family commitment. I will always remember Greg and the good times we had growing up. Again I want to express by deepest condolenses to you and your family.*
