*I'll miss you, Harvey, you were my step-dad, my role model, the guy I want to be like to make money and have a family. Harvey was so cool. I'll never forget you! Lance, Gena, Tim ... we grieve together. Here's what I did with my guitar - music Harvey made possible for me. ... I am the only musician and the producer. Harvey, may heaven be your home forevermore. May God remember you marrying Kristi for me and my brothers, Christopher and Jason. You changed our lives for the better. It makes me cry knowing you died writing this. Bye dad.
