“ *September 14, 2011 Dear Sarah and Emily, I want to tell you that I am so proud of you, as you both did such a great job taking care of your Mom. I know it has been extremely stressful and you are very tired ,as I am. Nine months of going every day to the hospital, nursing home and having her with you at home off and on was special. You will never have any regrets, nor will I. She loved you very very much, as so many others loved her for kindness and and caring ways. It will be difficult for you both and for me, as her Mother, but we will have wonderful memories that we can hold on to forever. I love both so much and so proud of you. Love,Grandma*

“ Emily sarah and Family, We are so very sorry to hear of your mother's passing. I remember so well the Roush Honda family parties and watching you girls grow up. We miss your father everyday at the dealership, and think of him often. Holly was such a kind and caring person, and the nursing community will surely miss such a wonderful woman. With many thoughts of sympathy and many prayers as you and your families go forward with many precious thoughts of your mother. Kandy Jonard Lazarrus and family.

“Marilyn, Gary and Family: As I read the obituary on Sunday... My heart just stopped. I had to read it several times... Flashes of my friendship with Holly, Marybeth, Heather and Susan during our elementary, junior high and some high school years went through my mind. Although I had not seen Holly for over 30 years, the great times we had as kids has always been very special to me. Based on the other notes that have been placed on this site, it sounds like Holly was an amazing woman who was loved and respected by many. How wonderful that she left this world being remembered for making a difference... I do not know anything about the illness that Holly had, but it sounds like it was serious and painful. I pray that you will all find peace and comfort in knowing Holly is pain free now that she has transitioned to eternity. And until you meet again, may time and great memories heal your pain and sadness. My thoughts, prayers and love are with you all. Kim "Hall" May

“ Holly, my friend and confidant. I will miss your extraordinary quick wit and I will laugh often when thinking of the talks and adventures we shared. I will miss you terribly knowing there will be no more visits or phone calls. What a wonderful friend and mother, who was magnanimous enough to allow me to be a part of her own and her daughters' lives. Sarah and Emily, God Bless you and know that you and your family are in my thoughts and prayers.

“ Sarah, I am so very sorry about your Mother. I wish there was something that I could say or do to help make it easier for you. Your Mom sounds like she was a wonderful woman who loved and was loved by everyone that she knew. Our Mothers fill a place in our hearts & lives that can not be filled by another person on this earth. They give us our foundation & if we're lucky, we learn how to be wonderful people ourselves by simply watching them. Let me know if there's anything that I can do for you. You & your family will be close in my thoughts. Vicki

“ I worked with Holly on the MIU unit at Riverside. What a caring soul she was! She was always smiling and willing to listen and give her opinion, of which I admired her for. I pray she is at peace now with the Lord who will provide all the healing she needs; and that she may be smiling pain free as she looks upon her friends and family who remain here on earth. When I think about her and her life now, I think about how happy she must be to be reunited with her husband who was so dear to her heart. -Amy Madden and Family

“ Even though I knew she was very sick, I still was not prepared to hear of her death. Holly was a co-worker; we "bonded" through having some similar life impacting events.....losing our husbands at a young age & our knee surgeries. We then discovered our husbands are buried in same cemetery just a few feet apart. She was so proud of her family....especially her grandkids. Even though it's so sad to say goodbye, I am grateful that Holly is now at peace & free from pain.

“ I am so very, very sorry for your loss of this true angel. She was my OB instructor at Riverside, and after that, she remained a friend. No matter what Holly was going through, she always wanted to be there for all of us. I feel so bad that I didn't get to stop by as she had invited me to this summer. I look forward to seeing her again someday.. I'm thankful that I got to know her, and that she is now free from pain and at peace. Love to you all.
