“ Many thanks to a wonderful woman who took the time to look out after other peoples children.

My mother and father did not attend church, But for some reason unbeknownst to me, Carl & Hope Benson would stop at our house on Sunday Mornings and took my brother Mike and myself to church with them. This is how I knew Hope, back then she worked with my mother Gloria Smith at Ohio Bell, this would have been back in the mid 60's. Not sure how long she took us, but when she stopped for whatever reason, I decided I still wanted to go church, I was in elementary school at that time so I would walk to the corner of my Street and attend either Linden Lutheran Church or go to another church within walking distance, the Oakland Park Wesleyan church. These were the only churches within walking distance from my house. As I grew older I started attending the Methodist Churches, I was baptized & married in the church and brought up my 4 children in the Church and stayed active within the church. Guess you could say she planted a seed for Christ within me and it grew. Now all my children are Christians and my grandchildren are Christians, one is in the ministry working with youths as a youth minister, all because Hope took my brother and myself to church with her and Carl many years ago. Thank you Hope (and Carl) as I credit you (as I told you 15 years ago when you worked at Riverside Hospital) for planting that seed the Bible describes within me.

To her family, my prayer for all of you is for your hearts to be overflowing with many wonderful loving memories of your precious mother, until you all meet again.

*With the most heartfelt thanks Hope,

“ I will always remember Hopes smile and laugh whenever I would do
or say something goofy. Growing up with Amy and Matt tow doors
down from us. Hope did put up with allot of our mischievous as kids.
All our baseball games in the backyard and helping us put on a
MDA telethon carnival year after year. Ill always remember pizza
parties at her place for birthdays. And cookouts in teh backyard. We
will miss you Hope. You meant the world to us and I know how
close you and Mom were. She will very much miss you and getting
together for bingo.

“ I have known Hope almost my whole life. We lived two doors down from them growing up. Hope put up with all of us playing games in backyard and running in and out of the house. She always said our family had so many things going on that she should write a book about it. We couldn't have a better neighbor or friend. She has also been my mom's best friend for years. You will definitely be missed.

“ There really are no adequate words to express the loss we who remain feel with Hope's home going. She was kind and gracious to all and always had a smile. So yes, I will miss her! She served others well in our community. She sent cards to those who had trouble, sickness, or loss of loved ones. She was humble and accepting of all. She loved God's creation; birds, flowers, anything of beauty. Because she knew the Lord Jesus Christ as her Savior, she surely is seeing lots of beauty now in heaven - she had the hope of heaven because she trusted in Him alone for her salvation. I feel privileged to have known her even for a short while and honored to have been able to see her days before her death. She received me and I was thrilled. She smiled a little at our daughter's dog, Eddie that day. She listened as I prayed for her and shared Philippians 2:1-11 with her. May all who knew her honor her. May the Lord comfort her family. Hope loved her family; Hope loved everyone. ~ Pam Clegg, neighbor

“ *New Years Day dinners of country ribs, sweet baby rays bbq sauce, bavarian saurkraut and mashed potatoes with "I can't believe it's not butter" melting on top...our day trips to the Hocking Hills, Yellow Springs, "the jelly factory", and the serpent mound...indulging me with the opportunities to do art, play sports and take an instrument as well as keep stinky hermit crabs and gerbils in my bedroom! Glad my playing softball led to her further understanding of where she positioned my dad and her lawn chairs my first season was not "behind 2nd base". My blind father freaked and said we better not be! :) So very grateful for her support and close relationship with my children.*
