

Ismael Casillas Melendez

September 20, 1960 - January 10, 2024

Ismael Casillas Melendez, 63, passed away on Wednesday, January 10th, 2024 at home in Columbus, Ohio. He was born on September 20th, 1960 to Luis Casillas Silva and Angela Melendez Muñoz in Caguas, Puerto Rico. He met his wife Janice while they worked together at the Conservatory of Piano, and they married in 1989. Ismael came to Ohio in 1985 to study at THE Ohio State University, where he earned his Bachelor of Science in Mathematics. His connection to Ohio State was very deep, and he loved spending his Saturdays in the fall watching football and attending games. He spent his work life primarily as a network engineer, and worked at Schooley Caldwell, R.G. Barry, Health Power, and Sterling Commerce. At Sterling, he was often called “Izzy” by his coworkers who he always made sure bought Girl Scout cookies from his daughter, Carmen. He loved his family, friends, and neighbors and was always the life of any party he attended, bringing piña colodas, coquito, chicken wings, or a pork roast he made in his smoker. He was incredibly proud of his daughter and his nieces and nephews who he always made sure to stay in contact with via text messages and phone calls. Ismael loved to laugh and had a story for every moment, remembering the small details that really made everyone listen and laugh along with him. He loved spending time talking with his neighbors, especially while gardening or playing salsa and merengue music from his garage. He returned to Puerto Rico whenever he could, and maintained deep friendships with both childhood friends and his “Buckeye Boricuas,” friends from Ohio State who shared his homeland. While

his health was a difficult obstacle throughout his adult life, his character and zest for life never failed him. His family is grateful to all the doctors, nurses, specialists, and members of his care team in Ohio and Texas who gave him so many years to spend with those he loved and who loved him.

He is survived by his wife, Janice, his daughter, Carmen, his nieces and nephews—Marien, Alberto Javier, Jeshua, April, Lindsey (Keith), Matt (Kaytea)—and many members of his family and community who loved him. Que Dios te bendiga.

In lieu of flowers, donations can be made in his memory to either The Dr. Marjorie Joseph Cram Chema Scholarship Fund (641227) for students from Puerto Rico or The OSU Medical Center Adult Congenital Heart Disease Programs and Services Fund (312625) at The Ohio State University by visiting giveto.osu.edu or calling 614-292-2281.

Visitation will be Sunday, January 14th, 2024 from 2 PM to 5 PM at Rutherford Funeral Home at Powell, 450 West Olentangy Street, Powell, OH 43065. A funeral service will be held Monday January 15th, 2024 at 11 AM at Linworth United Methodist Church, 7070 Bent Tree Blvd., Columbus, OH 43235.

“ *I am so sorry for your loss. I was honored to see him as a patient at McConnell Heart Health Center for many years and he was exactly as described in the beautifully written obituary. There was always humor, warmth, and intelligence involved with his visits. His last visit was a very positive one and he seemed to be enjoying his daily routine.*

He is the only patient that has ever brought me an oregano plant to take home! Therefore, I think about him whenever I use oregano. My staff (especially Joyce) and I will miss seeing him.

“ do .[SEP] Having a friend for 35 years and an intelligent business colleague for the last 6 years was a gift to me .[SEP] Sent from my iPhone

Ismael Casillas, Ismael, Izzy, Ish, mi hermano, my unconditional friend, for the past 41 years. A lifetime together. In 2016 upon my early retirement from a life career, Ismael was my anchor helping me through this transition for he could understand, he as well retired at an early age. We spoke every morning, connecting with each other and that was the perfect way to start the day. What a blessing to have such a special friend and mentor in my life.

In 2017 hurricane Maria struck and devastated much of our island Puerto Rico. I called upon Ismael for help and he quickly engaged to support our strategy to find the best resources to engage and manage this humongous project we were affronting in these next 18 months challenge. He got on a plane destined to his home, here we met and together we gathered a team to help push the effort needed to get Puerto Rico back on its feet. He was there in spite of his health challenges with a hard hat on, safety boots worn along with a safety jacket ready for the site mission without faltering. The task was a site inspection in Vieques for our client and the US Corp of Engineers supporting our administrative work, upon arriving to PR we boarded a military helicopter neither of us knowing it was a first-time experience just as the many we experienced since being together since our days in college.

Ish was also my business manager, he worked effortlessly to advise and analyze all the pertinent aspects of my workings, just as did in college explaining quantitative physics to me with such patience as I watched all the girls in the class. Have you ever tried to tackle an excel sheet? It's not easy, thank goodness I had my buddy to help me through. In a matter of 5 minutes Ismael corrected and constructed the excel sheet of the day, I will miss him dearly my friends. Imagine he accompanied to Mexico to Bacanora in the region of Sonora. To help me with a Lithium Mining project, with high elevation condition. I tell you this because my dear friend was not afraid, he wanted to live his life using his brain power and never-

*ending support and commitment to me as I was to him.
Above all, he was he was elegant, a gentleman and a a great friend.
A dedicated husband and father. He will b e greatly missed but rest
assured I will be in contact with him everyday.
Rest in peace my dear friend until we meet again.*

“ I've known Casillas since seventh grade and we played basketball together until high school. We have stayed in touch all these years, being the last time this past Three Kings Day. Great man with a beautiful soul and a warm sense of humor. May God give his family the strength to move past this. It's time to rest my friend! - William Melendez
