“ *Pam, What a great colleague and friend Jack was for the past 40 years. Enough memories to fill several novels. We would discuss topics from ‘how to hold a tennis racquet like a hammer’ to the ‘Meaning of Life ... The past, the present and the future’.*

*A wide range that only develops when you travel and live together on the road as we did. Jack loved life and the people around him. Even at retirement he had a hard time letting go so after we threw his first retirement celebration on the Ohio River he decided to stay another year. The second annual “BIG’s” retirement party was just as fun as the first and we all loved every minute creating these memories. I think Jack would have done several more if he could have. You and your family are in my prayers as is the other yellow page family members who also feel the loss. May those wonderful memories last forever. Tom Scanlon .. Fort Myers*
