“ I knew Jim through my employment with the Office of Student Financial Aid at OSU. Our offices worked very close together & we shared many meetings. Later after retirement, it was always a pleasure to see him at our monthly OSU retirees' lunches. It was my pleasure to have known & worked with him. He was a good man. You have my deepest sympathy.

“ I worked with Jim at OSU. Actually he was one of the reasons I was hired to work there. What a wonderful, generous man, and I am so thankful I got to know him and learn from him. He always mentored me without him even realizing it. I would tease him about his old man red apples. One of the best driving trips I ever took with him was going to and from Pennsylvania on a work trip. We talked about everything from childhood upbringings to education to music... we drank a lot of ice tea on that trip. He was my go to rock at work. I am a better person for knowing Jim. Much love to all his family and friends...
