“ *Mary Jo, Jim and Jack were always my mother's favorite cousins and she always told many stories about them. It was always a treat when they came by the house to visit when I was a kid. So sorry to hear of his passing. He truly was a special man.*

“ *To Jim's family. I am deeply saddened to hear of his passing. I bought a vehicle from him at Byers and he made such an impression on me that in 3 years I have never forgot him and have a couple of times spoke with him at the dealership. He spoke so very very highly of his family so very proudly. For some reason Jim touched my heart and he will always have a place there. I had just called the dealership and asked if he was still there I was planning to come see him about my vehicle and that is when I heard of his passing. Although I know I do not know you I send you my deepest most sincere condolences for a man that I met briefly but adored tremendously. He truly was one of the nicest and kindest gentlemen I have met. I will forever remember him.*

Wishing you many blessing and much peace!
