“ We had a birthday brunch for Jan...we waited and waited and she never showed up. We finally got a hold of her after we all ate. She forgot about it...I don't think I have ever laughed so hard. Who forgets their own birthday brunch?????! :-D

“I met Jan when our sons were in elementary school, and got to know her through class events and soccer sidelines. We also shared a love of art. I remember Jan exactly as her photo shows her: smiling, positive, optimistic. No matter what she faced, she figured out what to do and did it, with a wonderful spirit that will be missed. I'm happy to have known her and hope memories of the good she did will comfort and support Charlie, Seth, Laura and the rest of the family who were the center of her life.”

“In 2011, I was fortunate to have Jan as my instructor for my first clinical in the Columbus State nursing program. She taught her students how to provide compassionate care by showing us how she did it. She spoke so lovingly of her family. I am very sorry for your loss.
